CENTRAL OTAGO

Chard Farm Vipers Vineyard Pinot Noir 2023

Parkburn

Drinking Window: 2025-2030

A cracking pinot noir from the Viper Vineyard nestled in the Parkburn sub-region on the western shores of Lake Dunstan. Flint struck red and dark cherry fruits, daubed with exotic spice, meadow flowers, crushed rock, meadow herbs, amaro and various twiggy bits' n bobs. It's a sinewy, textural wine with plenty of complexity, a crushed-rock savouriness, and a composed, mineral flair on the finish, and it makes for wonderful drinking with some upside for cellaring.
