

Chard Farm

CENTRAL OTAGO

Chard Farm Vipers Pinot Noir 2023

Parkburn

Drinking Window: 2030-2038

A varietal, taut and youthful expression with a vibrant mouthfeel and package of red fruits showcasing boysenberry and dark cherry, impacts from site and soil deliver a stony silty almost sand like foundation, dark roses and spices from fruit then wood. Dry with persistent fruit flavours, an abundance of tannins and backbone of cool-climate acidity frame the flavours and sense of place this wine exudes.

Cameron Douglas
Score : 93/100
