City of Augusta, Kansas Neighborhood Revitalization Plan

Purpose and Factual Findings

This plan is intended to promote the revitalization of certain areas of the City of Augusta through the rehabilitation, conservation or redevelopment of those areas in order to protect the public health, safety or welfare of the residents of the City. More specifically, a tax rebate incentive will be available for certain improvements or renovation of property within the area.

In accordance with the provisions of K.S.A. 12-17, 114 *et seq.*, the City Council has considered the existing conditions and alternatives with respect to the designated Area, the criteria and standards for a tax rebate and the necessity for Interlocal cooperation among the other taxing units. Accordingly, the Council has carefully reviewed, evaluated and determined the Area meets one or more of the conditions to be designated as a “neighborhood revitalization area.”
